

25th Anniversary Edition: Celebrating Leadership

Jesus Name Apostolic Church is celebrating the 25th Anniversary of Leadership under Pastor John I. Caples Jr.. Twenty-five years ago, Pastor John I. Caples Jr. began fulfilling the purpose that God expected of him by ministering to 50-75 people. While diligently submitting his life to be used by the Lord and having indescribable support from his wife, First Lady Celeste Caples, Pastor John I. Caples Jr. is now the shepherd over a flock of over 2,000 members and attendees of Jesus Name Apostolic Church with the help of an outstanding leadership team. Thank you to those who came out to support the 25th Anniversary of an astounding leader, Pastor John I. Caples Jr. and his leadership team.

From Egypt to the Promised Land, Possessing the Promise

by The Jericho Committee

How do we get from Egypt to the promised land to possess the promises of God over our lives? Egypt represents the world and its systems. The promised land represents the kingdom of God and all He wants to give to us. God has provided so many promises to His children concerning our welfare in this life, and in the world to come. The lessons we learn from the children of Israel traveling from Egypt to the promised land, from slavery to freedom, from lack to abundance, are invaluable in our lives today. In order to obtain the promises of God, one only has to observe the way His people traversed the land to enter into the promised land. Some of the lessons learned are what not to do. But if you will consider the positive lessons from God's anointed people, such as Joshua, Caleb, Moses, and even the children of Israel themselves, when they were obedient, God was able to perform mighty acts and give them great victories. Come with us as we journey with them to the promised land.

If you will notice our new Jericho wall opposite the Lighthouse Resource Center, you will see that each column has a city and a word relevant to that city. Join us each month as we delve deeper into the meaning behind each city and its word to discover its relevance to our lives today.

See you soon,
The Jericho Committee

“

...when they were obedient, God was able to perform mighty acts and give them great victories.

”

JNAC Children's Church

JNAC shares iXL (I Excel), the new children's church that will be opening soon.

Very soon we will be able to open the doors and welcome you all to iXL (I excel); JNAC's new ministry for our children, ages 17 and below where we teach "Impossible is just an option". Our focus is bringing life, school, and the Holy Spirit to an eternal connection.

Everything from drama, The Arts, science, and computer learning is just a sample of what iXL has to offer. At JNAC, we empower our children to have an "iXL" attitude in all things through the power of Jesus Christ. When you ask your child, "How was church", they'll respond "iXL"!
